

Dear Word of Life Campers and Guests,

We are excitedly praying and preparing for the 2020 summer camping season at Word of Life Youth and Family Camps! As we look ahead, we are monitoring the developing situation with the Coronavirus Disease 2019 (COVID-19) that is dominating the headlines. Though there is very low risk of exposure to COVID-19 where our camping ministries are located, we are daily monitoring it and taking preventative measures. The health and safety of our campers and guests is our number one priority.

Word of Life Fellowship, Inc. is an international organization ministering in 81 different countries around the world. We have placed travel restrictions upon our ministries to limit exposure. Though there is no outbreak at this time, Word of Life has a detailed outbreak plan in place approved by the governing agencies where we operate our camping facilities including health screening. We are following all protocol put out by our State Department of Health and the US Center for Disease Control and Prevention.

Currently, all our 2020 camping programs are still on! We have issued some updated registration guidelines for your encouragement, considering COVID-19:

- Our current cancellation policy remains intact.
- If Word of Life makes the decision to cancel a summer camping program, the customer will receive a full refund.
- If the customer would like to exercise extreme caution and move their 2020 summer camping registration, Word of Life will allow the customer to move their registration to the 2021 summer camping season.
- If the customer elects to cancel their registration and not move it to a future event, our normal cancellation policy is in force.
- Understanding you may be waiting to make your summer reservation, we want to make it as affordable as possible for you to attend. We will be extending our March 31st early bird discount to April 30, 2020.

Thank you for your continued support of Word of Life Camps. We look forward to a fantastic summer. See you soon!
