

Greetings and Happy New Year!

In faith, we look forward to 2022 and all that God is going to do in and through us for His glory! Our theme this year at Word of Life Bible Institute is “Fully Known.” I am encouraged by the truth of God’s Word that not only are we fully known to God as individuals, but the future is fully known by God and He is in perfect control.

The Word of Life leadership team has been working together with Warren County officials, legal counsel, and other ministry partners regarding the New York State temporary mask guidelines for public indoor spaces. While this temporary mask guidance is in place with New York State, Word of Life will continue to ensure that all students, staff, and guests feel welcome in our programs while recommending the use of face coverings indoors. You will see signage throughout campus that states, “All are welcome! Face masks are recommended.”

The issue of masks tends to be divisive. I would encourage you, no matter what your opinions are, to obey God’s Word. Philippians 2:4 instructs us “Let each of you look not only to his own interests, but also to the interests of others.” By God’s grace, we can have the same mind in this as we, in humility, count others more significant than ourselves.

We continue to encourage you to be considerate of local businesses and establishments by following their posted guidance related to masks and other COVID-19 protocols.

Thank you for your support and consideration in these matters. If you have any questions, please contact my office directly.

Joyfully Yours,

Eric Messer
Vice President of Operations and Central Services
